"You can call Me Premaswarupa (the embodiment of Love). Prema is the wealth I have and which I spread among all. I have no other riches. The Grace of the Lord is always flowing like the electric current through the wire. Fix a bulb and the current will illumine your house. The bulb is the Sadhana (spiritual practice) you perform, the home is your heart. Come to Me gladly; dive into the sea and discover its depth. There is no use playing in the shallow waters and lamenting that the sea has no pearls. Dive deep and you will secure your heart's desire. Share the Ananda with all. That is the proper way to celebrate the Birthday"

-Bhagawan Sri Sathya Sai Baba
